**COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE**

Applicant does not necessarily agree with or acquiesce in the Examiner's reasons for allowance as set forth in the Notices of Allowance/Notices of Allowability dated June 9, 2010, July 26, 2010, August 4, 2010, September 30, 2010, October 26, 2010, November 9, 2010 ("Notices"). Applicant recognizes that, in accordance with M.P.E.P. § 1302.14, the Examiner's reasons for allowance need not set forth all of the details as to why the claims are allowed. In the present application, Applicant does not concede that the Examiner's stated reasons for allowance in the Notices are the only reasons for which the claims are allowable. In particular, Applicant does not concede that all of the features identified by the Examiner in the Examiner's reasons for allowance are necessary to distinguish the art of record or to satisfy the requirements of 35 U.S.C. § 112. Furthermore, the claims may be patentable for other reasons. In addition, the dependent claims are allowable on their own merits, and are allowable on the basis of a sub-combination of the recited features of the dependent claims and their respective base claims.

Nor does Applicant necessarily agree with or acquiesce in any other characterization of any claim term or rejection of any claim that the Examiner may have made during the pendency of the present patent application.

Applicant does not necessarily agree with any of the arguments or comments made by the Examiner regarding the art of record in the Examiner's reasons for allowance or during pendency of the present application.

Accordingly, this statement as well as any other statement, amendment, or silence on Applicant's part in no way means or implies that Applicant has in any way disavowed or abandoned any subject matter or claim scope as a result of the Examiner's characterizations or rejections.
